NATURE SPARES

The Stricken Rose From Grief. What a fortunate provision of nature it is, that deprives the rose of merital suffering; for how poignant would be its grief to discover, in the height of its blooming giory, that a canker fed at its heart, and that its beauty and fragrance were doomed forever. Nature always pares the suffering; she is a veritable store-house of pleasing rewards, for those who seek her aid. In the year gone by falling halr and grayness havingt a gloom over the lives of thousant. sone by falling hair and grayness have ast a gloom over the lives of thousand if young women, but thanks to the investigations of scientists the true causof hair destruction is now known to be a germ or parasite that burrows into the hair follicles. Newbro's Herpicide absolutely destroys this germ, thus exmitting the hair to grow as nare intended. Sold by leading drurists. Send 10c, in stamps for sample of The Harpicide Co., Detroit, Mich.
